

TELEHEALTH IMPLEMENTATION WORKGROUPS

The California Telehealth Resource Center (CTRC) provides on-site implementation assistance to healthcare organizations starting or expanding a Telehealth program.

At the end of the session, participants will be given a telehealth roadmap template to follow with a clear idea of next steps and individual responsibilities.

Join CTRC for a half-day workgroup session!

In the workgroup, CTRC will guide participants by assessing their needs to improve provider satisfaction while utilizing a concrete and accessible Telehealth Implementation Roadmap.

To learn more about the CTRC Telehealth Implementation Workgroups, please contact:

Aislynn Taylor, CTRC Training and Outreach Coordinator
